

Community Education

Welcome and thank you for becoming a partner-in-teaching with Roosevelt Community Education.

For over 50 years, Minneapolis Community Education has been engaging youth and adults through lifelong learning. Our promise has been to deliver high-quality education and enrichment opportunities that will improve our communities and the individuals who live in it.

Annually, Roosevelt High School Community Education site offers:

- ◇ 22 weeks of programming
- ◇ 200+ enrichment classes
- ◇ classes to over 2,000 residents
- ◇ employment to 40 Instructors
- ◇ partnerships with 10+ community businesses

Our success couldn't happen without individuals who want to share their passions and expertise with members of our community. We are excited to have you join our team. Feel free to contact us if you have any questions.

Roosevelt Community Education Office:

Roosevelt High School, 4029 28th Ave. S., Minneapolis, 55406

Community Ed Office, Room 155; Phone: 612-668-4828

Online Registration Website: www.mplscommunityed.com

Wi-Fi Network: roosevelt-wireless - Password: roosevwifi000 (3 zeros, not o's)

Program Days: Mondays, Tuesdays, Wednesdays (on-site), Thursdays & Saturdays (off-site)

Office Hours During Programing Weeks: Monday – Wednesday 3 pm – 9 pm, Thursday 10 am – 2 pm

Program Coordinator, Maile Siemon (she/her/hers), maile.siemon@mpls.k12.mn.us

Associate Educator, Katie Frye (she/her/hers), katie.frye@mpls.k12.mn.us

Other Roosevelt CE Staff: Rosemary & Mike E (greeters); Mike S & Cynthia (runners)

Parking: Door 16 access: If you have trouble finding parking near 28th Avenue, you can now park in the staff parking lot and enter through Door 16 using the buzzer system. From 28th Avenue, head East on 40th Street and take your first right into the staff/admin parking lot. Press the "Main Office" buzzer by Door 16 and our greeter will buzz you in and alert the runner to meet you at your classroom. At the end of your class, you will need to connect with a Community Ed staff person to be let out this door. If there are issues with the buzzer, call our office at 612-668-4828. *Note, for security reasons, only instructors are allowed to access Door 16, all participants and volunteers must still enter and exit through the main Door 1 on 28th Avenue.*

Restrooms: Please take a minute on the first night of class to inform students of the nearest restrooms.

A men's & women's/all gender restroom is located along the East interior hallway, closest to the Community Ed Office, Room 155. There are also single stall restrooms in the gyms and kitchen (Room 225) for classes that meet in those spaces. In addition, there are all gender bathrooms available on the North hallway on the 1st and 2nd floors.

Essential Information for Instructors:

Participants of community education classes are our customers. Please maintain a professional attitude towards customers at all times, engaging them as adults with the will to learn. Create memorable, lasting impressions so these customers will want to return and refer their friends.

Please be prepared to teach in a manner that promotes learning and understanding, managing your course material within the allotted time frame. **Arrive in your classroom at least 10-minutes before the class is scheduled to start.** Greet your students as they arrive, smile and relax! Take attendance with the provided class roster. We cannot allow people who are not registered to participate in our classes. **If a participant is not on your roster, refer them to our office immediately.** If there is still space in the class, we are happy to enroll them.

Business casual attire is appropriate for teaching most classes. For fitness, dance, or yoga classes, wear attire that is appropriate and safe for the activity.

Please do not express opinions unfavorable to Minneapolis Public Schools, Minneapolis Community Education or Roosevelt High School.

If you can't answer a question or solve a problem for a participant, please feel free to refer them to the Community Education office, Room 155.

Confirmed Classes:

Confirmed Classes: An email notification will be sent to you **7-10 days** prior to the start date of your class. Classes are not guaranteed to run and are held pending adequate enrollment. We will notify you at least **7-days** in advance if we suspect your class will need to be cancelled.

Class Lists: A class roster will be provided to you on the first day of class. **Please keep these lists confidential.** Updated lists will be provided when new registrations occur.

Attendance: Please take attendance with the provided class roster. If requested by Community Ed Staff, please return the class roster with participant attendance after the class session.

Sales and Soliciting: As a public school district, we are not allowed to engage in direct promotion, selling or soliciting of goods or services within our Community Education classes. If you are teaching as a Community Partner (representing your own or an outside business or organization), you may include this information as a part of your initial introduction and provide your contact information in forms of business cards or organizational materials. If a participant would like to receive more information about you or your organization, they may contact you directly.

Evaluations: Class evaluations are emailed to class participants at the end of each session. Please remind participants to complete their evaluations (sent to their email 24 hours after their class ends). We will inform you of your class feedback. In addition, we will notify you if/when Community Education staff from our management team will conduct a Program Quality Assessment (PQA) in your classroom. During a PQA, a staff member will sit in on your class and identify key strengths and any opportunities for growth.

Payments:

Payroll: MPS Employees will receive an electronic paycheck every two weeks. Refer to the annual *Pay Schedule* for specific dates. If you have any questions, please ask your site coordinator, or call Payroll at 612-668-0420.

Independent Contractors: Submit an invoice at the end of each session to the site coordinator, dated on or after the last day of teaching. Include the date/s of class/es. Payments are made from a central office and usually take about 2-weeks to be processed and mailed once invoices are approved.

Reimbursements: Pre-approval is needed for any class supplies wanting to be purchased by the site coordinator. Requests for reimbursement must be submitted within 1-week of purchases.

Cancellations:

Class Cancellations: If Roosevelt Community Education decides they need to cancel a class, due to a school conflict, unplanned circumstance, or severe weather, we will contact you by email and phone as soon as the decision is made. Students will be informed through email and a make-up session will be scheduled when appropriate.

Class Cancellation by Instructor:

- » **Class cancellations are very difficult** so we ask that you cancel only in the case of an extreme illness or emergency. **If you need to cancel, call the Roosevelt Community Ed Office by NOON on the day of class, or earlier** if possible. The phone is monitored and voicemail is checked regularly. In addition to a call, please send an email to the site coordinator and the program assistant, but do not rely on e-mail alone.
- » Community Ed staff will send out an email to your participants and a make-up session will be scheduled.
- » If you would like to use a substitute to cover your class, they must be pre-approved by the program coordinator well in advance.

Cancellation by School or District: In the case of inclement weather a decision will be made as early as possible and aired on both television and WCCO radio. The Roosevelt Community Education Office will contact instructors by email and phone, as soon as they are informed. If a cancellation is reported over the media, we will not contact students individually, although we may send an email as a courtesy.

Classroom:

Doors: For security purposes, all Community Education students must enter and exit ONLY through Door #1, entering on 28th Avenue South. Please inform your students of this on the first night, as all other doors will be locked.

Checking-in: Check-in with our Greeter at the front desk (Door #1). Pick up your class roster (night 1) and any handouts or materials you've requested. Our Greeter will contact our Runner who will meet you at the door of your classroom. For security reasons, we cannot leave doors unlocked, but you are welcome to prop the door open with a doorstop while using the classroom.

Room Setup: Please request any special setup needs in advance. Do not rearrange the room or move furniture from other rooms unless it's prearranged with the site coordinator. If furniture needs to be moved for a group activity, please put it the room back exactly as it was. We share the space with Roosevelt High School teachers and students. If it helps, take a photo beforehand.

Doorstoppers: Not all classrooms may have a doorstopper. If they do, we need to ensure they are back **INSIDE** the classroom upon leaving for the evening.

Restrooms: Please take a minute on the first night of class to inform students of the nearest restrooms.

Audio-visual & other equipment needs: **If you require a computer to teach your class, you will need to provide your own.** Community Ed can provide projection of computer screens and their audio through the *Promethean Boards*, available in the classrooms. Please let us know your equipment needs at least one-week in advance.

Copying & Handouts: We are happy to provide assistance with photocopy of materials for your classes. **Masters of materials to be copied should be provided at least 24-hours in advance.** You can also e-mail / scan masters. Waiting until the day of class is not advised as copy machines are never completely predictable.

Leaving in the evenings: Arrange the room back as you had found it. Turn off the lights. Put the doorstopper inside the classroom and close the door. The door is already locked so make sure you have all your belongings with you before closing the door.

Help / Troubleshooting:

If you find you are in the need of assistance, you have three options for help.

- » **Greeters** sit at the front desk. They are available for answering questions, providing excellent customer service and knowing all the details that are happening during the evening. The Greeter can be reached by school phone at 4-8215. Our greeters are Rosemary and Mike E.
- » **Runners** are provided to directly help teachers get into their classrooms and with their equipment needs. Runners can be reached through a walkie-talkie with our Greeter. Our runners are Mike S. and Cynthia.
- » A **Site Coordinator (Maile)** and/or **Associate Educator (Katie)** will be available each evening. The office staff can be reached by calling 612-668-4828 or through a walkie-talkie with our Greeter.

Security:

All **Community Education participants are to enter and exit ONLY through Door 1** on the 28th Avenue side of the building. Please inform your students of this on the first night. **All other doors will be locked and will only release upon an emergency.** We are required to practice safety procedures during evening classes. We will inform you if we plan to schedule drills during your class time.

Safety Related Emergencies: The lead Community Education staff on site will direct you and your class as quickly as possible if there is any sort of alert.

-  **Fire:** If the fire alarm sounds, you and your students should exit the building immediately through the closest door and walk away from the building. A bell will ring when it is safe to return.
-  **Code Yellow:** If you hear this announced over the PA system or verbally by the building lead staff person, it means there is a problem on the **OUTSIDE** of the building. Close your classroom door (it should automatically lock), and you can continue class instruction as normal. Do not allow students to leave the room.
-  **Code Red:** If you hear this announced it means a higher level of threat is **INSIDE** the building. Shut your door, turn off lights, and have your students remain in the room. Stay away from doors and windows, and do not open the door to outsiders. Your room door, as well as all outside building doors, will be locked.
-  **Code Green:** When you hear this code you may resume normal activities.

Medical Emergencies:

First Aid Kits: For minor injuries, a first aid kit is kept in the Community Ed office, Room 155.

Cardiac defibrillator: In case of possible cardiac arrest, we also have a defibrillator on the first floor mounted on the wall next to the Counseling Office (room #103), near Door 1.

911: In the case of extreme emergency please direct someone to call 911 immediately from a cell phone or the closest available phone, and then direct someone else to inform the staff so they can be posted at the entrance to receive emergency help. *Be sure to state that we are at **Roosevelt High School, 4029 28th Ave. S.***

Weather Management:

Tornado alerts: The designated safe area for severe weather alerts is the lower level hallway. Please turn off your classroom lights, close the door and lead your class to the safe area.

Snow emergencies: The Superintendent makes the decision to close schools or cancel after-school activities based on the safety of our students and staff, severity and timing of weather, and the ability for buses and cars to travel safely.

Alerts & Notifications: If schools or activities are cancelled, alerts are sent out via phone calls, emails, texts, social media, our websites, and local news stations. To receive the phone calls & texts, make sure you have an updated phone number in ESS.

Creating a Welcoming Environment:

Community Education Youth and Adult Programs serves diverse communities within our city and virtually. As part of this, we share [Minneapolis Public Schools' commitment](#) to **affirming and respecting participants' gender and pronouns**. We aim to create a supportive environment for all genders and especially those who are gender-diverse or not cis-gendered (cis means their gender identity corresponds with their birth sex). They may be transgender, agender, non-binary, two-spirit, genderqueer, genderfluid, and gender non-conforming. In our programs, that includes referring to students with their gender and names, regardless of their gender presentation or presumed sex. You can learn more about our practices around gender inclusion from your coordinator and about [pronouns online](#).

Instructors can model how to share/identify their gender/pronouns and create a positive climate that is accessible to and safe for all gender identities. Participants should not be required to out themselves or name their gender if it feels uncomfortable or unsafe to do so. By doing this you create a space where people feel respected, and the tone is set for all participants that we value inclusion. An environment that invites and affirms gender diversity includes:

1. (Online only) Add your own pronouns after your **screen name in Zoom**. Open the participants list, hover to the right of your name, click More>, and select Rename. In the box that pops up, add your pronouns in parentheses after your name. If you would like to make this a default instead of updating for each meeting, go to your [Zoom profile settings](#).
2. (Online and in-person) **Introduce yourself** with your gender pronouns and invite others to introduce themselves, too. You can give these examples, "My name is Cal and I use he and they pronouns." "My name is Ariana, she, her, hers." "I'm Eric, they and them pronouns." "Antoine, I go by he, him."
3. (Online and in-person) The course section **roster** you get from your coordinator might include a column where participants have responded with their gender pronouns. Use this as a reference when referring to students. If you do not know their pronouns, use their name instead.
4. (Online and in-person) **Correct and redirect misgendering of students/participants**. Misgendering is using pronouns or previously-used names that do not match the identity of the student. This can be painful for them and give them the feeling that their gender identity isn't respected, seen or understood. Participants, ourselves included, can make mistakes. When this happens, do not use it as an opportunity to put the spotlight on the mis-step or engage in over-the-top apologies. A redirection and correction for yourself or others can be simple as "sorry, I mean they" or "oops! Nadjma uses she pronouns" or "Theo, I mean Thea." An instance where another participant or you misgender someone shouldn't be taken as a time to lecture the person who made the mistake or for you to show how "woke" you are.
5. If students are unfamiliar with using or focusing on gender as a part of introductions, that's fine and there is no shame around being unfamiliar with gender diversity. Approach your and other people's unfamiliarity with this subject with humility and feel free to talk to your coordinator to get more resources. It might feel complicated, but it is crucial.

Teacher Orientation e-Training

All Community Ed instructors are encouraged to view our five short training modules that give a broad overview of what to expect as a Minneapolis Community Education instructor. You will learn about the policies and procedures associated with teaching for Minneapolis Community Education, how we process paperwork and run our facilities, information about the learning styles of adult participants, and how to construct a quality and effective classroom. Please click on the links below to access the training. You do not need to email your Coordinator once you have viewed these modules – viewing is recommended, not required.

[Welcome and Introduction](#)

[Module 1: Who We Are](#)

[Module 2: Before Your First Class](#)

Note: There is no longer an option to get paid via a prepaid debit card. If you are a temporary employee, you will get paid via a Direct Deposit. Please also disregard information in the video about the "Welcome Desk."

[Module 3: Instructor Guidelines](#)

Note: We do not require one week's notice to make copies – we require 24 hours notice. Please note that instructors cannot email participants directly, unless they arrange this with the Coordinator (Maile) or ask students for their permission & emails in class.

[Module 4: Final Thoughts](#)

Note: We just got new phones! You do not need to dial 9 to make local calls. Just dial the regular 10-digit number.

*Videos work best when using Google Chrome. If you have any technical issues, first try to close the window and click on the link again. If this does not resolve the issue, please call our office.
